

BABOK v3 Study Group April 2024

Webinars 6:00pm – 8:00pm

**Tuesday nights
starting April 23rd
and ending Aug 27th
Cost \$75.00**

The study group will review the BABOK (Business Analysis Body of Knowledge), the Entry Certificate in Business Analysis (ECBA) certification process, the Certified of Capability in Business Analysis (CCBA) certification process, the Certified Business Analysis Professional (CBAP) certification process and cover practice questions in preparation for the ECBA, CCBA, CBAP exam.

Discover 50 key techniques used in the industry to perform business analysis tasks and the 6 key knowledge areas that represent areas of specific business analysis expertise that encompass several tasks.

Six key knowledge areas:

1. **Business Analysis Planning and Monitoring** describes the tasks that business analysts perform to organize and coordinate the efforts of business analysts and stakeholders.
2. **Elicitation and Collaboration** describes the tasks used to prepare for and conduct elicitation activities and confirm the results.
3. **Requirements Life Cycle Management** describes the tasks used to manage and maintain requirements and design information from inception to retirement.
4. **Strategy Analysis** describes the tasks used to identify the business need, address that need, and align the change strategy within the enterprise.
5. **Requirements Analysis and Design Definition** describes the tasks used to organize requirements, specify and model requirements and designs, validate and verify information, identify solution options, and estimate the potential value that could be realized.
6. **Solution Evaluation** describes the tasks used to assess the performance of and value delivered by a solution and to recommend improvements on increasing values.

A special thanks to our sponsors!

BABOK v3 CBAP Study Group 2024 March Curriculum

Note: Dates, times and locations may change due to needs and availability of the study group attendees.

Sessions will be weekly on Tuesdays via webinar.
