WEDNESDAY, APRIL 19, 5:30PM – 7:00PM
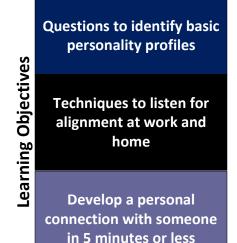

Power Skills Bootcamp for Business Analysts

Business Analysts focus on requirements. We will step back and learn to collaborate. Then shine the spotlight on communication. These are the true lingua Franca, Power(soft) skills.

This interactive workshop is going to focus on skills for business analysts to effectively communicate with developers and project managers.

Learning Objectives

- Questions to identify basic personality profiles
- Techniques to listen for alignment at work and home
- Develop a personal connection with someone in 5 minutes or less

Zoom Room opens at 5:00pm for Networking

Tom is a problem-solving technology professional. He has worked in various roles in technology for over twenty years. Tom has learned how to solve challenging issues in technology and lead technical teams. He can help you develop those skills too!

Tom is an experienced and talented Software Developer, Scrum Master, and Manager
